EARTH DAY
SAN FRANCISCO
ACTION

PARADE & RALLY

Let's put Politics in Earth Day!
Join us in a march for Climate Justice
and the Earth on April 19.

HELP THE BAY AREA LEAD AMERICA!

We can lead America to a future of safe, sustainable energy!
Our planet belongs to us, not a few billionaires who want to destroy its ability to sustain life.

We **INSIST** that climate change be addressed.

We **INSIST** that toxics be eliminated from our water and air.

We **INSIST** that our children and grandchildren inherit a planet they can live healthy lives on.
