Money, when you want it

- Pay out to a bank account or debit card
- No batch fees
- Schedule payouts daily, weekly, or monthly

Your donation data, integrated

- Payouts, donations, refunds, and fees in an accounting-aware export
- Donor contact information and tracking codes included

Reduce donor churn

- VISA, MasterCard, AMEX, and Discover cards updated automatically when the physical card is replaced
- 50% of stored cards expire every year

Fraud detection

backed by global scale machine learning

- Hundreds of billions of data points from 195 countries.
- Even if NationBuilder has never seen a card before, there's an 89% chance it's already been seen across the network.
- If you're being attacked, instead of coordinating between NationBuilder and a payment processor, you have a single point of contact to help you avoid chargebacks.
