Dear Pearl,

Message of Support and Donation

The Australian Education Union ACT Branch Council would like to convey, on behalf of its wider membership, its full support to your members affected by the punitive and vindictive attacks from the Fair Working Building and Construction Agency. These unjust attacks on workers following their participation in strike action in the Pilbara 5 years ago, are nothing more than an attempt to frighten workers from defending themselves and their fellow workers against the attacks of hostile employers.

We have made a donation of \$2000 to your support fund and we hope you can disseminate this message of solidarity to your affected members.

In Solidarity,

Glenn Fowler
Secretary
