

In the coming weeks, our partner the National Association of Elementary School Principals will release the “Principals’ Pledge to Stop Bullying. Period.” which sets forth a promise principals can take to foster a school climate based on mutual respect and tolerance for every individual in every school, to hold everyone in the school community accountable for preventing bullying, and to intervene in every bullying incident in their schools. The pledge will build on NAESP’s long-standing “Principals’ Creed,” which articulates principals’ commitment to education, children, and instructional excellence.
