ALLIANCE

Aim

The Alliance's aim is the restoration of a healthy and ecologically sustainable natural environment for all species, including humans.

Purpose

The Alliance's purpose is to promote the protection of the natural environment to enhance sustainability and health and wellbeing for all species, including humans.

Objectives

In particular, the Alliance will:

1. **Advocate** for effective public policy and community responses to promote a healthy ecology and society through the prevention of environmental degradation, including from climate change and from threats to air and water and soil, in order to protect and promote the health and wellbeing of the community and of biodiversity upon which humans depend;
2. **Collaborate** with others to identify and remove structural barriers to the protection of a healthy environment, including effective responses to climate change and the preservation of biodiversity; and to support the development of environmentally responsible and sustainable practices in health care;
3. **Engage and inform** health professionals, policy makers, and the community through the provision of information and education about the importance of environmental protection for health and wellbeing, including with regard to the risks from climate change and in relation to appropriate responses to protect and promote ecosystem and human health;
4. **Share** information and resources about health and the natural environment and climate issues through a network of individuals and organisations;
5. **Establish and maintain** a public fund to be called **Healthy Futures Fund** for the specific purpose of supporting the environmental objects/purposes of the Climate and Health Alliance.
