Get Ontario Working: Support Child Care

As parents, employers, and community leaders, we all depend on child care. Our neighbourhoods, our towns, and our province depend on quality, affordable child care programs that allow parents to work, and get our youngest kids off to a great start.

On June 12, 2014, we will vote in a new government for the province of Ontario, and we need to ensure that the party we elect has a strong commitment to child care.
