
Are you a parent?

We want to hear about your experiences
with child care options in Ontario

Licensed child care in Ontario costs upwards of **\$40-\$60 per day**, per child.

There are only licensed spaces for **1 in 5** of Ontario's children.

In many municipalities, **subsidy wait lists** are incredibly long.

It doesn't have to be this way.

Child care is good for kids, good for families & good for our economy.

Be part of a movement of parents.

Decision-makers need to hear your stories about child care in Ontario.
