

Africa Showcases at the International Floriculture Expo (June 19-21)

MIAMI, FL, United States, June 6 2013

Sun Kissed Flowers in cooperation with Origin Africa showcases its Ethiopian flowers at the 2013 International Floriculture Expo in Miami, Florida.

In coordination with the United States Agency for International Development (USAID) East Africa Trade Hub's [Origin Africa](#) campaign, an initiative dedicated to improving African trade, [Sun Kissed Flowers](#) will be participating in the 2013 International Floriculture Expo in Miami, Florida. In the course of three days (June 19-21st) the company will be part of the only event in the United States that covers all aspects of the flower industry.

This year's Expo will take place in the [Miami Beach Convention Center](#), acting as a forum where around 200 retailers will be showing their products, ideas and innovations. Here is where buyers and suppliers from different stages of the floriculture production cycle come together to network, teach and learn from each other.

Origin Africa works to develop, guide and promote African trade, matching people's enthusiasm with experienced industry leaders to facilitate, coordinate and advance "trade, not aid" efforts. Together with Origin Africa at booth 711, Sun Kissed Flowers will present its colorful Ethiopian grown [Hypericum Coco Series](#), its original and exclusive Veronica Smart Series, wonderful Ethiopian grown Freesia varieties, [Rosa Plaza Roses](#) and, the new Statice Sun Bird Series to the American public.

The International Floriculture Expo will open its doors on Wednesday, June 19 and will remain open until Friday, June 21st with the following show floor hours:

Wednesday, June 19	11:00 AM – 6:00 PM
Thursday, June 20	10:00 AM – 5:00 PM
Friday, June 21	9:00 AM – 1:00 PM

With this appearance, Sun Kissed Flowers is developing its mission of giving customers the opportunity to enjoy its wonderful ornamental flowers freshly cut directly from the highlands of Ethiopia.

About Sun Kissed Flowers:

Sun Kissed Flowers began importing Ethiopian grown ornamental flowers into the United States in 2012. At the moment they offer a wide range of exclusive Hypericum, Veronica and Freesia varieties, which are grown in the highlands of Ethiopia and distributed via their preferred buyers to florists worldwide. Their international team of specialists works around the clock in breeding, harvesting, processing and sales to make sure you receive daily fresh and colorful Hypericum. www.hypericumcoco.com

About USAID East Africa Trade Hub:

The East Africa Trade Hub, based in Nairobi, Kenya, is a regional program to promote trade, growth, and food security. The Trade Hub helps African firms compete in global markets and benefit from the U.S. African Growth and Opportunity Act (AGOA). Since 2009, USAID's EA Trade Hub has helped 200 East African firms and facilitated over \$100 million in exports to the U.S. through AGOA. www.eatradehub.org
