

ECO MARKET

Friends of the Earth invites you to the

ECO-MARKET PUBLIC INFORMATION SESSION

In Spring 2008 Friends of the Earth will revolutionise the way we shop with the development of Australia's first Eco Market, the sustainable market that will sell all the common items found at a supermarket. All products sold at the Eco Market must meet the standards of the Friends of the Earth environmental, ethical and social criteria. The Eco Market will be a 'one stop' shopping destination providing a real alternative to the supermarket.

Do you want to learn more about this exciting new campaign?

Do you feel politically inspired to be involved in a campaign that challenges the way we consume?

Maybe you have a sustainable product that you wish to sell at the market?

Or perhaps you are you interested in donating?

If you answered 'Yes', then join Friends of the Earth as we share news and information about the Eco-Market campaign.

Wednesday 10th September, 6.30pm

Friends of the Earth, 312 Smith Street Collingwood

SPEAKERS: Cam Walker, Dave West & Giselle Wilkinson

Complimentary glass of organic wine on entry
Delicious finger food provided by the Friends of the Earth Food Co-op
Entry is free, gold coin donations appreciated.

A 'ONE STOP' SHOPPING DESTINATION
providing a real alternative to the supermarket
