

TANF Payments and Fair Market Rent

How far do Temporary Assistance for Needy Families (TANF) payments really go?

Indiana

For every 100 families living in poverty in Indiana, about 10 received TANF payments in 2012.

TANF payments in Indiana will cover about 40% of a family's monthly rent.

\$288*

Highest possible TANF payment for a single parent family of three

*If a family has any income, that amount will be deducted from their TANF payment.

\$718

Fair Market Rent for a 2-bedroom apartment in Indiana

TANF payments are not enough to help needy families pay the rent and other basic living expenses.

That's one reason that 739 families with children were homeless in Indiana in January 2013.

What can we do?

Increase TANF payments to protect families from homelessness

Use TANF to quickly re-connect homeless families to housing through emergency assistance

Support families with the greatest needs by removing barriers to TANF

Use TANF to create subsidized jobs and provide work supports for families living in poverty

Strengthen connections among welfare-to-work, job training, and homeless assistance programs
