

# TANF Payments and Fair Market Rent

How far do Temporary Assistance for Needy Families (TANF) payments really go?

## Nevada

For every 100 families living in poverty in Nevada, about 18 received TANF payments in 2012.

TANF payments in Nevada will cover about 37% of a family's monthly rent.

TANF payments are not enough to help needy families pay the rent and other basic living expenses.

That's one reason that 319 families with children were homeless in Nevada in January 2013.

## What can we do?

Increase TANF payments to protect families from homelessness

Use TANF to quickly re-connect homeless families to housing through emergency assistance

Support families with the greatest needs by removing barriers to TANF

Use TANF to create subsidized jobs and provide work supports for families living in poverty

Strengthen connections among welfare-to-work, job training, and homeless assistance programs
