

# TANF Payments and Fair Market Rent

How far do Temporary Assistance for Needy Families (TANF) payments really go?

## New Hampshire

For every 100 families living in poverty in New Hampshire, about 36 received TANF payments in 2012.

TANF payments in New Hampshire will cover about 63% of a family's monthly rent.

TANF payments are not enough to help needy families pay the rent and other basic living expenses.

That's one reason that 229 families with children were homeless in New Hampshire in January 2013.

## What can we do?

Increase TANF payments to protect families from homelessness

Use TANF to quickly re-connect homeless families to housing through emergency assistance

Support families with the greatest needs by removing barriers to TANF

Use TANF to create subsidized jobs and provide work supports for families living in poverty

Strengthen connections among welfare-to-work, job training, and homeless assistance programs
