

TANF Payments and Fair Market Rent

How far do Temporary Assistance for Needy Families (TANF) payments really go?

South Dakota

For every 100 families living in poverty in South Dakota, about 18 received TANF payments in 2012.

TANF payments in South Dakota will cover about 84% of a family's monthly rent.

TANF payments are not enough to help needy families pay the rent and other basic living expenses.

\$565*

Highest possible TANF payment for a single parent family of three

*If a family has any income, that amount will be deducted from their TANF payment.

\$667

Fair Market Rent for a 2-bedroom apartment in South Dakota

That's one reason that 154 families with children were homeless in South Dakota in January 2013.

What can we do?

Increase TANF payments to protect families from homelessness

Use TANF to quickly re-connect homeless families to housing through emergency assistance

Support families with the greatest needs by removing barriers to TANF

Use TANF to create subsidized jobs and provide work supports for families living in poverty

Strengthen connections among welfare-to-work, job training, and homeless assistance programs
