

WE BELIEVE

- 1) Corporations and other artificial entities created by statute are not people endowed with rights in our constitution.
- 2) Contributing to or spending money on elections is not speech protected in the First Amendment – it must be regulated and controlled to allow equal access and influence in the political process by all citizens.
- 3) All campaign contributions and expenditures must be disclosed to the public.

WE NEED

- people to write Letters to the Editor
- people to recruit signature gatherers
- signature gatherers
- people to speak to groups and get groups to invite our speakers
- people to do outreach at festivals and other events
- data enterers
- money to run our campaign

Get big money out of politics!

WAmend
Washington Coalition
to Amend the Constitution

WAMEND is a coalition of Washington State and national organizations committed to passing an amendment to the U.S. Constitution clarifying that:

corporations are not people
and
money is not speech.

We believe a new amendment must be passed to restore the voice of **We The People**.
