

Paper Plate Campaign- Agency Instructions:

Feeding America and Gleaners are participating in the Paper Plate Campaign as a part of Hunger Action Month. As attempts to balance the state and national budgets continue food assistance programs are threatened with funding cuts. The Paper Plate Campaign is an avenue for recipients of these services to advocate for themselves.

1. Ask customers to fill out paper plates with messages to their congressperson about the importance of food assistance to them.
2. Write the name and zip code of your agency on the back of each plate.
3. Place the plates back in their plastic bag, and return to Gleaners!

For more information please call 866-GLEANER or email: siteadmin@gcfb.org.
