Press Release

The Arab Group for Muslim-Christian Dialogue strongly condemns and denounces the hideous terrorist explosion that took place in front of the Saints Church in Alexandria. This unprecedented bloody massacre claimed the lives of 22 innocent people and injured more than one hundred others.

This sickening terroristic crime, targeting innocent people, is incompatible with the most basic of divine laws and human values, and contradicts the spirit of Arab and Islamic civilization.

This abominable crime not only targeted innocent Christians in Egypt, but also its national unity and religious pluralism.

The Arab Group for Muslim-Christian Dialogue sends its heartfelt condolences to the martyrs’ families, praying to God Almighty to receive them with a heavenly embrace; to heal the wounds and scars of the injured; and to spare Egyptians of all evil attempts to plant the seeds of discord among compatriots—all the elements of the national fabric.
