THE UNION FOR PRIVATE HIRE DRIVERS

If you are a private hire driver you will be well aware of the many issues facing you in Leeds:

- 1) Reducing the age of cars which can be used from 8 years to 6 years
- 2) Age and first licensing - 4 years instead of 5.

Changing the age restriction of your car, forcing you to change the 'slightly' tinted windows at a cost of £500, entrapment followed by a lengthy appeals process, followed by suspension and prosecution.

Leeds City Council seem to be doing just what they want with no consultation with you, the people doing the job. It's time to draw a line in the sand.

Many private hire taxi drivers have already joined the GMB, one of the UKs largest and powerful trade unions. At a recent meeting of drivers in Leeds there was a unanimous decision taken to join the GMB and fight injustice. Join the GMB and become a member of the Private Hire Association branch and fight for fairness.
