POST 16 - 19 YEAR OLD STUDENTS INVEST IN THEIR FUTURE

The substantial real terms cuts in funding per learner for students aged 16 - 19 are already beginning to impact on institutions providing post-16 education; - *School sixth forms, sixth form colleges and further education colleges.*

GMB, together with the ATL, NASUWT, NUS, NUT, UCU, UNISON and UNITE, have come together in a joint campaign to highlight the impact these cuts are having on young people's life chances and the wider economy.

We are asking all our members working in Further Education to help inform the joint campaign by completing the '*Joint Union 16-19 Funding Campaign*' survey, using the following link:
<https://www.surveymonkey.com/s/97C73XF>.
