

GMB @ WILKINSONS – NEWSLETTER – NOVEMBER 2012

As per the accompanying notice, there is an upcoming meeting to discuss the financial position of the company, and crucially pay.

Whatever the outcome of these negotiations, a ballot of the membership will take place.

A few of our longer-serving team members may be affected by the recent final salary pension news. The stewards on site are legally not allowed to give advice regarding pensions, so should you require advice of this sort, please refer to page 15 of the leaflet sent out or speak to an independent financial advisor. However, formal consultation will begin next week, and any suggestions should be given to your rep in the usual way.

The next stage of the health & safety briefings is coming up shortly, and in respect of that, we would take the opportunity to remind all members how valuable hazard/near miss forms are to our cause.

Remember, the near miss prevents the accident.

Our branch has limited funds available for sponsorship/donation. For details on how to request this, please speak to Philip Rawson or Lee Marsden on extension 1589 or speak to your local representative.

Please remember that if you should move house or change your contract, that you must inform the GMB as well as the company. Change of address & change of subscription forms are available from your rep.

**CONTACT THE UNION OFFICE ON
1589 OR DIRECTLY ON (01909) 505589.**
