Hemswell Cliff Parish Council Action Plan 2017-2018

Overview of the Parish

Hemswell Cliff is a great place to live. We have an excellent school, a lovely rural setting and a thriving business community.

Hemswell Cliff is a village and civil parish in the West Lindsey district of Lincolnshire, England. It is situated on the A631 road between Caenby Corner and Gainsborough and on the Lincoln Cliff escarpment. Within the Parish is the hamlet of Spital-in-the-Street, the village centred round the former RAF base. According to the 2001 Census it had a population of 683, in 2011 the population had risen 794.

RAF Hemswell was located on the site from 1937 until it closed in 1967. Hemswell Cliff Primary School is in the village. The airfield site was subsequently redeveloped into a private trading estate and the RAF married quarters into a residential area which became a newly created civil parish of Hemswell Cliff. By mid-2008 there was no longer RAF presence on the site, which became entirely civilian.

The site's old H-Block buildings contain an antique centre, shops, a garden centre, hairdresser, used book shop and cafés. A large recycling plant and grain processing facility are also located on the site. The Parish also has number of farms operating within it as well as a large amount of high quality farming land.

Hemswell Cliff Parish Council Action Plan

Hemswell Cliff Parish Council strives to work on behalf of parishioners on the issues that matter to the village. We are always keen to receive ideas and suggestions from parishioners on particular areas of interest or concern and where it is felt the Council may assist.

The Hemswell Cliff Parish Council Action Plan sets out the priorities that councillors and residents have identified as important. The Action Plan contains issues and priorities that the Parish Council will focus on and try to tackle this year.

The action plan will be updated throughout the year and reviewed once a year at the Annual Meeting of Council. The Council's budget set in January and the views of residents, gained through a number of different media, will inform the content of the plan.

Listed below is our current schedule of activity; this will be reviewed and updated as projects finish and priorities change.
