

A Green New Deal for New York

TAX the RICH
Fully Fund Public Schools and Services

VOTE

FOR

HOWIE

HAWKINS
GOVERNOR • GREEN PARTY

Living Wages for All Workers

\$15 minimum wage, indexed to productivity

Single Payer Health Care

Publicly funded by progressive taxes.
No premiums, co-pays, or deductibles.
Just health care.

Quality Public Schools

Opt out of high stakes testing, Common Core, privatization, and union-busting.
Opt into fully funded, desegregated schools, tuition-free from pre-K through college.

Public Jobs for the Unemployed

A locally planned, state funded WPA-style jobs program to employ unused labor to meet community needs in public works and services.

100% Clean Energy by 2030

Ban fracking. Phase out nukes. No new fossil fuel infrastructure. A state bank and public power for job creation in green industries, including a Smart Grid linking Renewable Energy, Hydrogen Energy Storage, Mass Transit, Affordable Housing, Clean Manufacturing, and Organic Agriculture.

Progressive Taxes and Budgets

By restoring the more progressive tax structures NY had in the 1970s, we can raise \$30 billion more:

- \$15 B from the Stock Transfer Tax
- \$8 B from more progressive income taxes, while 95% of us get a tax cut
- \$7 B from cuts to corporate tax breaks

With \$30 B more in state revenue, we can restore full funding for public schools and colleges, restore revenue sharing with local governments, cut regressive local sales and property taxes, and build the infrastructures and services of a Green New Deal.

The Howie Hawkins for Governor campaign takes no corporate money. Volunteer and donate at www.howiehawkins.org
