Hawkins for Governor Contribution Policies NY State election law permits cumulative contributions of up to \$41,100 per individual, corporation, and PAC (Political Action Committee), and \$275,417 per family to a candidate for Governor. However, believing the state limits to be too high and giving undue influence to the wealthy and corporate interests, the Hawkins campaign is limiting the cumulative contributions it will accept to the Federal election law limits: \$2600 per individual, \$5000 per PAC (political action committee). The Hawkins for Governor campaign does not accept contributions from for-profit businesses (including sole proprietorships and partnerships) or from corporate sponsored PACs. The Hawkins for Governor campaign will accept contributions from the PACs of democratic people's organizations, including labor unions, cooperatives and peace, environmental and community organizations.
