5. Discussion and possible action re Draft Letter of support for – **ZA 2011-1318 (CUB)(CUX)**, restaurant/bar/lounge with alcohol sales at historic Mayer/Bricker building, 5500 Hollywood Blvd.
6. Discussion and possible action re position letter re proposed development of the Target Store, proposed to be developed on the South West corner of Sunset Blvd. and Western Avenue. Target is in the process of preparing its Environmental Impact Report and this is an important juncture at which the community may provide comments relating the proposed Target Store. Members of the community are encouraged to participate, and all comments from all community residents are welcome during this agenda item. The discussion portion of this agenda item may identify and formulate suggestions and comments to forward to the Planning Department and the City of Los Angeles, through the HSDNC Board, on the proposed development of the Target Store, in a manner that would better serve our neighborhood council district.
7. Presentation, discussion and possible action re **5245 Santa Monica Blvd. DIR-2009-2065-DB, DIR2012-38-SPR** -- The Applicants propose the construction of two buildings containing 84 residential units and approximately 15,000 square feet of commercial uses (the "**Project**"). The building fronting Santa Monica Boulevard will be five-stories and will contain approximately 15,000 square feet of commercial space and 68 residential units. This building will be on three lots zoned C2-1D, which permits the proposed retail, café, pharmacy and multi-family uses. The building fronting Virginia Avenue will be a two-story building comprised of 16 residential units plus recreational facilities. This building will be on two parcels which are zoned RD1.5-1XL, which permits multi-family housing. A subterranean parking garage below both buildings will provide all of the required parking spaces. The Project will set aside at least 20% of its residential units for low-income residents. Therefore, the Project qualifies for two Density Bonus incentives. The Applicants have requested incentives to permit a floor area ratio increase of up to 3:1 for the commercially zoned lots and the averaging of parking,

open space, density and permitting vehicular access from a less restrictive zone to a more restrictive zone across all the lots. The applicants respectfully request support for this project.

The discussion portion of this agenda item may identify and formulate suggestions and comments to forward to the Planning Department and the City of Los Angeles, through the HSDNC Board, on the proposed Sign Ordinance, in a manner that would better serve our neighborhood council district.
9. Discussion of and possible action that the PLUM Committee recommend that the HSDNC Board issue a **follow up position letter setting forth PLUM comments to the Hollywood Community Plan update,** and if such follow up letter is issued, that a vote be taken to recommend to the HSDNC Board that the HSDNC Board vote that such letter be presented at the next meeting with the Los Angeles City Planning Department to discuss the Hollywood Community Plan update.
