Dear Mr Bowen

I write to you after being contacted by my constituents as regards to the application by Sainsbury's supermarket to be located in Llandeilo.

My constituents believe that building a supermarket of this size in this location will destroy small businesses already located in the area. It is a concern to me that instead of cash being spent in the local economy a national retailer like Sainsbury's will take money away from the local area and export to larger cities. The traffic congestion in Llandeilo is a problem at present and one can only assume that this will be made worse should a large supermarket be allowed to build here.

I trust that you will take these objections into account and in addition the strong objections by local residents.

Yours Sincerely
