Dear Sir / Madam

Planning Application E/25041
Sainsbury's Llandeilo, Carmarthenshire.

I write to you after being contacted by many of my constituents in the Llandeilo area with concerns as regards to the above application.

I am lead to believe that there are serious changes in the application since it was submitted in June 2011. Many of my constituents placed objections to the application in the first place and were not made aware of these changes.

The changes include more than doubling the size of the application from 2.74 hectares to 5.91 hectares, which I believe should be reason enough to warrant a fresh application. Despite this the officer's report states the site is still only 2.74 hectares. I am further concerned that the applicant now wants to include internet distribution from the site as well. Distribution was not applied for originally, neither has a retail impact assessment or traffic impact assessment been made.

This application is due to go before the Planning Committee on Thursday 29th of March. I urgently ask you to review this case and consider calling the application in for consideration by the Planning Division.

Yours Sincerely

JONATHAN EDWARDS MP
