Q1 Now, thinking about the direction of things here in Kansas, would you say they are headed in the right direction, or have they gotten off on the wrong track?

RV
 32 Right Direction
 55 Wrong Track
 13 Not Sure/Refused

Q2 Now I am going to read the names of some people and things to you and ask you to rate them on a scale of 1 to 5 using the numbers on your phone, with 1 being the worst and 5 being the best. Think of it the same way restaurants or movies are rated in the newspaper - the more stars something gets the better it is. If you've heard a name but can't rate it, that's fine, and if you haven't heard a name before, that's fine too. (1-5 ratings converted to 0-100 scale - 50 is balanced/neutral rating)

			1 (Worst)	2	3	4	5 (Best)	Can't Rate	Not Heard	Temperature	Rate	Heard

Q4 Now think about the Kansas Court of Appeals. Under a new law passed this year, when a seat opens up, the Governor gets to appoint a new judge, subject to confirmation by the state Senate. Governor Brownback recently announced that he will not make public the names of applicants before appointing a new judge to fill an open seat on the Kansas Court of Appeals. Do you think Governor Brownback should release the names of the applicants for the open seat, or should he be allowed to keep them secret?
