Tawney Dialogue

The People's Hustings

What's the biggest issue facing Britain in 2015 and how should we address it?

This year's Tawney dialogue will be your chance to give a short speech on what you think government should be doing. Instead of booking your place at Speakers' Corner like Donald Soper, you'll have an audience in Westminster Central Hall with a panel of MPs to respond to your speech.

- Turning the tables - can you do better than the politicians?
- A panel of MPs including Mary Creagh, Stephen Timms and others will be listening
- Just audition your speech by emailing us 300 words to:
