A record of delivery, a promise of more

by Nick Clegg MP

I'm delighted to welcome Liberal Democrats from across the country to Liverpool and the last Conference before the General Election.

The next few days are an opportunity for our party to come together and prepare ourselves for the long, hard campaign ahead. It is our chance to further set out our vision for the country and explain to the British people how Liberal Democrats in government can make a positive difference to their everyday lives.

It is our job – more than any other – to offer people a vision of the future that is not steeped in the politics of fear, division and blame but instead has its foundations in the liberal British values of openness, tolerance and compassion.

The coming days are also the final opportunity of this parliament to come together and celebrate our achievements in Coalition. It is our chance to look back proudly over the last five years and reflect on the many millions of people who have benefitted from Liberal Democrats in Government.

We might not have had it all our own way. But when I look at all we have achieved together – despite the grim

financial odds, the naysayers and the stubbornness of our Conservative colleagues – we can say, without a shadow of a doubt, that Britain is now a more liberal, fairer and more prosperous country because of our time in office.

Whether it's investing £2.5bn to help disadvantaged pupils catch up with their classmates, cutting taxes for millions of working people, pushing through equal marriage, or blocking the so-called Snoopers' Charter.

Whether it's raising the state pension, a huge expansion of renewable energy, scrapping ID cards, making sure children get a healthy school lunch, or creating two million apprenticeships.

Whether it's giving parents more free childcare, getting the deficit down, bringing in the first ever waiting time targets for mental health treatments, or helping society's unsung heroes care for their frail loved ones – Liberal Democrats have made a positive difference to Britain and I couldn't be more proud of our party.

But this record is more than just a set of achievements, it is a concrete proof we can build a more liberal country.

Our record of action is what underpins our promise of more.

It shows we can balance the budget and do so fairly, continue to cut taxes for those on ordinary incomes, and tackle mental health problems with the same vigour as physical health problems. It proves we can properly fund our NHS, defend civil liberties, protect the environment and safeguard education spending from cradle to college.

We must take this record of delivery to the doorsteps, streets and townhalls and campaign on our promise of more. No one else will do it for us, so it is up to us to shout from the rooftops

that only with Liberal Democrats in Government can we build the stronger economy and fairer society we need to create opportunity for everyone.

I look forward to seeing you all around the venue.

Debates and votes at conference

Debates on policy and business motions are at the heart of federal conference. It is through them that the party sets its policy and future direction. Unlike the conferences of the other parties, Liberal Democrat conference is sovereign, and what it decides really matters.

The structure of debate on policy and business motions:

Interventions: are concise (one minute) speeches made from the intervention microphone(s) on the floor of the auditorium, during debates where it is indicated in the *Agenda*.

Amendments: all motions except emergency motions are open to amendment; amendments accepted will be printed in *Conference Daily*.

Voting: decisions on most motions and on all amendments and separate votes are by simple majority of those voting (two-thirds majority for constitutional amendments). To vote, representatives must be seated on the ground floor of the auditorium and show their voting badge.

Separate votes: a vote on whether to delete or retain the specified words or section. A request for a separate vote may be submitted by any voting representative: by the start of the first conference session on the day before the debate is scheduled, **or** by the deadline for emergency motions for debates scheduled for the first day of conference; using the online form at libdems.org.uk/conference_papers, by email to separate.votes@libdems.org.uk, **or** in writing to the Speakers' Table in the auditorium.

Counted vote: the chair of the session may decide that a vote needs to be counted. Any voting representative may request a count from the floor; if fifty voting representatives stand and show their voting cards, a count will be taken.

Speaking in conference debates

Length of speeches

The length of speeches is shown against each motion in the Agenda. Interventions are limited to one minute each.

There are three lights on the speaker's rostrum and visible either side of the stage. The green light is switched on at the beginning of the speech. The amber light is switched on 60 seconds before the end of the allowed time (20 seconds before the end of an intervention). The red light is switched on when all the time is used up, and the speaker must stop immediately.

Eligibility to speak

The only people entitled to speak in debates and interventions at conference are:

- Voting representatives (or substitutes), elected by their local parties or appointed ex-officio, who have paid their full registration fee.
- Non-voting representatives who have paid their full registration fee (not day visitors).
- Persons who have been given permission to speak by the Federal Conference Committee.

Applying to speak

To make a speech in a debate you must complete a speaker's card, collected from and returned to the Speakers' Table at the front of the

auditorium, an auditorium steward or the Information Desk.

Completing a speaker's card

When completing a speaker's card, remember:

1 Submit your card well in advance.

The chair and aide team for the debate will meet well in advance to plan the debate – sometimes the previous day.

2 Fill in your card completely.

Complete the two sections on the back of the card as well as the front. These sections are needed for the chair and aide to balance the debate, so they can call people with relevant experience and avoid a string of people making the same point.

3 Make sure it's readable!

Don't fill every square centimetre of the card; don't write illegibly, in very small letters, or in green ink ... The easier you make it for the chair and aide to read the card the more likely you will be called.

Interventions

To speak during interventions, representatives should complete an intervention form, collected from and returned to a steward in the auditorium. Speakers will be chosen by the chair of the session by random ballot.

Other conference sessions

Emergency motions and topical issue discussions

Emergency motions are debated and voted on and make formal party policy like other motions, but refer to a substantial development since the deadline for submission of motions.

Motions selected for debate, and/or for selection by ballot along with the ballot procedure, will be printed in Saturday's *Conference Daily*.

Topical issue discussions allow representatives and spokespeople to discuss and comment on a political issue live at the time of conference; they do not make party policy.

The topical issue to be discussed is chosen by officers of the Federal Conference Committee and Federal Policy Committee and will be printed in Saturday's *Conference Daily*.

Question & answer sessions

Concise questions (maximum 25 words) on any relevant subject may be submitted by any voting representative. Questions will be selected by the chair and put by the submitter from the intervention microphones in the auditorium.

Questions may be submitted using the online form at libdems.org.uk/conference_submissions:

- by 17.00 Thursday 12 March.

Questions may also be submitted on a form collected from and returned to the Speakers' Table in the auditorium

- by 12.45 Saturday 14th March.

Reports

The reports of Federal Committees and Parliamentary Parties are printed in the separate reports document.

Any voting representative may submit concise questions (maximum 25 words) on these reports. The chair will select which questions will be asked. Questions to reports of the Parliamentary Parties may relate to any aspect of Liberal Democrat activities in the UK or European Parliaments.

Deadlines for questions to reports:

- Federal Committees – 13.00, Tuesday 10th March.
- Parliamentary Parties – 17.00, Thursday 12th March.

Questions may be submitted using the online form at www.libdems.org.uk/conference_submissions

Questions received by the deadlines above will be printed in Saturday's *Conference Daily*.

Questions on events occurring after the deadlines above may be submitted on speaker's cards at the Speakers' Table up until one hour before the start of the relevant session.

Submitting amendments, emergency motions, topical issues and appeals

Amendments and emergency motions

Amendments and emergency motions must be:

- signed by 10 voting representatives;
- **or** submitted by one or more of: a local party, state party, regional party in England, Federal Specified Associated Organisation or Federal Party Committee;

- by 13.00, Tuesday 10th March.

The title of the issue should be no more than ten words, and should not include an expression of opinion; please include full contact details of the submitter and up to 100 words explanatory background.

Drafting advice

Submitters are encouraged to use our drafting advice service: draft amendments and emergency motions should be submitted

- by 13.00, Tuesday 24th February.

DID YOU KNOW?

- Around 600 million tonnes of products and materials enter the UK economy each year, but only 115 million tonnes of this gets recycled.
- On average, 16 per cent of the money taxpayers spend on a product pays for the packaging, which ultimately ends up as waste.
- In the UK, we throw away more than seven million tonnes of food and drink every year from our homes – most of which could have been safely consumed.

Please use our recycling points for all your **paper**, **plastic**, **glass** and **cans** and reduce the carbon footprint of this year's event.

F4 Mental Health

10 conference representatives

Mover: Rt Hon Paul Burstow MP

Summation: Rt Hon Norman Lamb MP

1 Conference notes that:

- 2 A. Those suffering mental ill health have always faced discrimination in
- 3 society and in the provision of NHS services.
- 4 B. According to the organisation 'Time to Change', one in four people at
- 5 any one time experience mental health problems.
- 6 C. Only a quarter of people with a common mental health problem get
- 7 treatment, mostly in the form of medication.
- 8 D. 2.3 million people with a mental health condition are out of work and
- 9 mental health conditions are the primary reason for claiming health-
- 10 related benefits.
- 11 E. Mental health costs the economy an estimated £100 billion but only £1
- 12 in every £9 the NHS spends is on specialist mental health services.
- 13 F. Maintaining good mental health has a vital impact on a person's
- 14 wellbeing – those who experience mental health problems are more
- 15 likely to face unemployment, housing problems, physical health
- 16 problems; to have reduced opportunities to improve their education
- 17 and skills; and to be caught up with the criminal justice system.

18 Conference welcomes the achievements of the Liberal Democrats in

19 Government in tackling the discrimination against people with mental

20 health problems:

- 21 i) Enshrining equality for mental health in law, and in the government's
- 22 mandate to the NHS.
- 23 ii) Increasing access to talking therapies, with £400m investment.
- 24 iii) Introducing the first ever access and waiting time standards for mental
- 25 health.

Saturday 14th March

- 26 iv) Providing £150m investment to improve support for young people with
27 eating disorders.
- 28 v) Funding the anti-stigma campaign 'Time to Change' to tackle
29 outdated attitudes to mental health and drive this issue up the political
28 agenda.
- 29 vi) Introducing new standards in crisis care across the country, including
30 ending the use of police cells for children who have not committed a
31 crime and developing new mental health services in A&E departments,
32 police stations and courts.

33 Conference therefore calls for:

- 34 1. £500m extra investment per year to drive progress towards parity of
35 esteem for mental health in the NHS.
- 36 2. Continued funding for 'Time to Change' to carry on the journey in
37 tackling mental health stigma.
- 38 3. A combined strategy between DWP and the Department of Health to
39 help people with mental health problems to remain in, or find, work.
- 40 4. A 'whole life approach' to preventing mental health problems and
41 increasing access to support for people experiencing mental health
42 problems including:
 - 43 a) Improved perinatal mental health services to support pregnant
44 women, those who have experienced miscarriage or still birth, and
45 new parents.
 - 50 b) Implementation of the proposals resulting from the Children and
51 Adolescent Mental Health Services taskforce to improve services
52 for children and young people including those affected by self-
53 harm and eating disorders.
 - 54 c) A continued focus on the implementation of action plans
55 developed through the Crisis Care Concordat to ensure no-one in
56 crisis is turned away from treatment.
 - 57 d) Collection and publication of improved data on mental health
58 service access and waiting times, quality of care and outcomes of
59 treatment.
 - 60 e) A comprehensive roll out of access and waiting time standards in

Saturday 14th March

- 61 line with proposals in *Achieving Better Access to Mental Health*
62 *Services*.
- 63 f) Improved support for people with mental health problems to get
64 into work.
- 65 g) A renewed drive to increase access to talking therapies, including
66 more online access through NHS choices and setting ambitious
67 targets to increase access to talking therapies.
- 68 5. Investment in research into the causes and treatments of mental health
69 problems to aid the development of better interventions.

Applicability: England, except 5. (lines 68–69) which is Federal.

Mover: 7 minutes; summation of motion and movers and summation of any amendments: 4 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see page 13.

F11 A Better Deal for Britain's Workforce

17 conference representatives

Mover: Rt Hon Danny Alexander MP
Summation: To be announced

- 1 Conference notes with approval the role that Liberal Democrats have
- 2 played in rescuing the economy and creating the conditions for growth
- 3 and a jobs rich recovery. In particular conference notes that:
 - 4 i) The UK currently has the fastest growth among G7 economies.
 - 5 ii) The deficit has been halved as a share of GDP.
 - 6 iii) There are more people in work than ever before – an increase of 1.7
 - 7 million since May 2010.
 - 8 iv) More than 2 million apprenticeships have been created.
 - 9 v) Wages are starting to increase with total pay growth above the rate of
 - 10 inflation.
 - 11 vi) There have been above inflation increases in the minimum wage.
 - 12 vii) More than 27 million people have benefitted from a tax cut worth £825

Saturday 14th March

13 for the typical basic rate tax-payer as a result of an increase in the
14 personal allowance, the largest income tax cut of modern times which
15 the Conservatives said was unaffordable.

16 Conference believes that this would not have been possible without
17 the Liberal Democrats in Government to insist on a balanced, fair and
18 successful economic policy.

19 However Conference also notes that there is still more work to be done
20 to narrow the gap between rich and poor; tackle employment abuses,
21 including through the misuse of zero-hours contracts; and increase
22 protection for those in flexible and/or insecure employment, including
23 through effective trade union representation.

24 Conference believes that:

- 25 A. Government should continue to foster a strong and sustainable
26 economy that encourages wealth creation, develops to the maximum
27 the skills of individuals to the benefit of all, justly distributes the rewards
28 of success, and increases democracy, participation and the co-
29 operative principle in industry and commerce.
- 28 B. Trade unions can play a vital role in the creation of a fairer, stronger
29 economy by defending the rights of ordinary working people, making
30 their voice heard, and striving for better pay, working conditions and
31 equality.
- 32 C. Partnership between government, employers and trade unions,
33 widespread in the EU, is a more effective approach than the
34 adversarial relationship which characterises some businesses in the
35 UK.

36 Conference welcomes:

- 37 I. The contribution made by union representatives in workplaces across
38 the UK in representing their members collectively and individually,
39 in working to deliver greater equality and improved training, and
40 negotiating fairer outcomes in pay, conditions of service, redundancy
41 and many other matters.
- 42 II. The efforts of Liberal Democrats in Parliament to oppose Conservative
43 attempts to undermine the role of trade unions.

Saturday 14th March

- 44 III. The steps that have been taken to provide opportunities for greater
45 dialogue between Liberal Democrats and trade unions.
- 50 Conference calls upon Liberal Democrats in government to:
- 51 1. Continue to support a more collaborative model of industrial
52 partnership between companies and their workforce, including
53 recognising the role played by effective trade union representation
54 in the workplace and supporting representation of the workforce on
55 company boards and remuneration committees.
- 56 2. Defend the 'check off' method of collecting union subscriptions.
- 57 3. Make sure that the law enables unions to represent their members
58 effectively including consideration of:
- 59 a) Thresholds for entitlement to statutory recognition.
60 b) Recognition in smaller companies.
61 c) The ability for employees to meet union representatives at their
62 place of work.
63 d) Encouraging wider participation in trade union ballots, including
64 electronic voting.
65 e) Statutory rights for trade union equality representatives.
66 f) The role of ACAS in promoting collective bargaining.
- 67 4. Further strengthen enforcement of the National Minimum Wage and
68 review the remit of the Low Pay Commission.
- 69 5. Lead by example, ensuring that every infrastructure project provides
70 opportunities for apprenticeships and support greater use of
71 framework agreements with the TUC and individual unions learning
72 from the success of the London Olympics.
- 73 Conference calls on all party members to encourage and support
74 increased engagement with trade unions at local, regional and national
75 level.

F18 Freedom of Expression in Europe and Beyond

20 conference representatives

Mover: To be announced
Summation: Dr Evan Harris

- 1 Conference condemns without reservation:
 - 2 i) The appalling attacks on journalists and others in Paris in January and
 - 3 believes there can be no justification for any such acts of violence.
 - 4 ii) The atrocities committed by Islamist extremist terrorists in Nigeria and
 - 5 in the Middle East, Pakistan and Afghanistan.

Sunday 15th March

6 iii) Attacks on and persecution of journalists in Egypt, Saudi Arabia and
7 elsewhere for expressing their right to free expression.

8 Conference reaffirms its commitment to tackling Islamophobia, anti-
9 Semitism and other forms of prejudice directed against people as
10 individuals or groups.

11 Conference believes that:

- 12 A. While no-one has the right to directly abuse, to harass, threaten or
13 intimidate others, people do have the right to offend others.
- 14 B. Those who are offended by the lawful words or actions of others do
15 not have the right to prevent such free expression by acts of violence
16 or intimidation.
- 17 C. In a free and open society no belief system or ideology should have
18 any protection from criticism including satire and lampooning, and
19 there is no basis for privileging religion over other forms of belief or
20 ideology.
- 21 D. Journalists play a particularly important role through their work in
22 upholding human rights and enhancing democracy.
- 23 E. There is no place for restrictions on acts of blasphemy in law or by
24 intimidation leading to self-censorship.
- 25 F. There is a difference between Islamophobic words and actions
26 directed against people and words and actions that amount merely
27 to sacrilege, blasphemy or apostasy in the eyes of others and that
28 freedom of expression and freedom of belief in a democratic and free
29 society requires blasphemy, sacrilege and apostasy to be unfettered.
- 28 G. The attacks were in no way a true reflection of mainstream Islamic
29 beliefs and that it is unacceptable to seek to hold Muslims in general
30 or Islam in particular in anyway responsible for these criminal acts.

31 Conference notes the proud record of Liberal Democrats in protecting
32 free expression in these areas and in particular the role played by Liberal
33 Democrats in:

- 34 I. Amending section 5 of the Public Order Act to remove 'insulting'
35 words as an ingredient of the crime.
- 36 II. Abolishing the UK's own blasphemy laws in the last Parliament, as well
37 as the laws on seditious libel.

Sunday 15th March

38 III. Blocking an over-broad religious hatred law in the last Parliament
39 which would have censored legitimate speech.
40 IV. Calling for judicial oversight to protect journalistic sources when RIPA
41 powers are being considered and for public interests defences in law
42 for certain criminal offences like hacking.

43 Conference further notes the need to protect journalistic freedom and
44 recognises the vital role played by the European Convention on Human
45 Rights and the Strasbourg Courts in protecting those freedoms for
50 example in the area of protection of sources.

51 Conference rejects the recent attack by the Culture Secretary on the
52 European Convention on Human Rights and the Strasbourg Court as
53 a threat to journalistic freedom in this country, and attempts by the
54 Conservatives and Labour to introduce disproportionate and untargeted
55 surveillance powers which would rob us of the freedoms that terrorists
56 seek to threaten.

57 Conference applauds the continuing role played by the Deputy Prime
58 Minister and other Liberal Democrats in:

- 59 a) Defending the ECHR and the Human Rights Act.
- 60 b) Blocking attempts to introduce a so-called 'Snooper's Charter'.
- 61 c) Stopping the Home Secretary's push to introduce 'banning orders'
62 which would give her the power to put ASBO-style constraints on
63 people who say unpleasant but lawful things.

64 Conference calls for:

- 65 1. Solidarity with journalists and writers threatened or attacked for
66 exercising their rights world-wide.
- 67 2. Progress with the abolition or repeal of blasphemy laws in Europe, the
68 Commonwealth and the rest of the world.
- 69 3. Opposition to attempts to introduce national, transnational or UN laws
70 on the 'defamation of religion'.
- 71 4. Continued opposition to the scapegoating of the Muslim community
72 by extremists and political opportunists in relation to terrorist acts.

Applicability: Federal.

F20 Education Funding

12 conference representatives

Mover: Cllr Clare Champion-Smith
Summation: Cllr John Howson

- 1 Conference notes that:
- 2 i) Liberal Democrats in the Coalition Government have protected funding
- 3 for schools in this parliament, as well as introducing the pupil premium
- 4 and investing more in early years education than any previous
- 5 government.

Sunday 15th March

- 6 ii) While this action has been beneficial for schools and early years
7 settings, 16–19 education including in school sixth forms has come
8 under serious pressure and the lack of a fair funding formula means
9 some local areas still miss out.
- 10 iii) Labour have failed to rule out cuts to education budgets in the next
11 Parliament, and the Conservatives have set out plans to cut the
12 schools budget by an estimated 7% in real terms.
- 13 iv) If a majority Conservative government implemented their plans to
14 offer unfunded tax cuts while cutting public spending by more than is
15 necessary to balance the books, unprotected areas in the Department
16 for Education (DfE) would lose a quarter of their budget.
- 17 v) This would mean taking £775m from early years support – the
18 equivalent of 58,000 3–4-year-olds and 66,000 2-year-olds from low
19 income families losing their free childcare entitlement; and £1.6bn from
20 DfE's 16–19-year-old budget, ending funding for 405,000 young adults
21 with severe consequences for many secondary schools.

22 Conference believes that:

- 23 A. Well-funded schools, early years settings and colleges are crucial to
24 building a stronger economy and a fairer society, with opportunity for
25 all.
- 26 B. If funding for schools were to be cut, this would present a serious
27 threat to efforts to raise school standards and eliminate the attainment
28 gap – with serious consequences for British businesses, families and
29 individual life chances.
- 28 C. The recruitment, training and professional development of outstanding
29 teachers is also dependent on a well-funded education sector.
- 30 D. The further expansion of high quality early years education is crucial to
31 building social mobility.

32 Conference therefore calls for Liberal Democrats in the next parliament to:

- 33 1. Prioritise public spending on education.
- 34 2. Protect the education budget, in real terms, from cradle to college
35 – including schools, early years and the Department for Education's
36 16–19 budget.
- 37 3. Extend the free early years entitlement to all two year olds and
38 overhaul qualifications in the early years by implementing the
39 recommendations of the Nutbrown Review.

Sunday 15th March

- 40 4. Introduce a fair national funding formula, to ensure areas that are
41 currently underfunded get their fair share.

Applicability: England only.

Mover: 7 minutes; summation of motion and movers and summation of any amendments: 4 minutes; all other speakers: 3 minutes. For eligibility and procedure for speaking in this debate, see page 13.

The deadline for amendments to this motion is 13.00, Tuesday 10th March; see page 15. Amendments selected for debate will be printed in Saturday's Conference Daily.

In particular, where developments which, in the opinion of the Committee, are of great importance have taken place after the closing date for emergency motions and questions to reports, the Committee may make time available for an additional emergency motion or for a statement to be made on behalf of the Party or for additional questions to be submitted to reports.

2. Consultative sessions

3.2 Motions for the amendment of the constitution or standing orders

Save as detailed below in Standing Order 4.3, all proposed amendments to the constitution or standing orders must be either selected for debate or included in a ballot to allow conference representatives to determine an order of priority for allocating time.

Standing orders for Federal Conference

3.3 Balance between State and Federal policy debates

The Committee shall, in drawing up the agenda, have due regard to the balance of State and Federal policy debates and in particular shall as far as possible organise the agenda so that all matters which relate solely to one or more state parties but not all State Parties or the Federal Party shall be considered at either the beginning or the end of the conference.

4. Selection of motions and amendments

4.1 Compositing or otherwise altering motions

In drawing up the agenda the Committee shall seek to reflect the range of views in the Party as indicated by the motions and amendments submitted. The Committee may:

- a) Treat any severable part of a motion or amendment as a separate motion or amendment.
- b) Redraft a motion or amendment so as to improve expression, remove inaccuracy or superfluity or take account of new developments.
- c) Composite similar motions or amendments.

4.2 Selection of amendments

The Committee shall decide which of the amendments duly submitted to each motion shall be selected. No amendment shall be selected if, in the opinion of the Committee it is insubstantial, outside the scope of the motion, or tantamount to a direct negative of the motion.

4.3 Motions for the amendment of the constitution or standing orders

The Committee may refuse to select a motion for amendment of the constitution or standing orders if, in their opinion, it is:

- a) Similar in effect to another motion which has been selected for debate or ballot at the same meeting of conference.

- b) Similar in effect to a motion that has been rejected at either of the last two meetings of conference.
- c) In the case of amendments to the constitution, incomplete in that it leaves unamended some other part of the constitution which contradicts the meaning of the amendment.
- d) In the case of amendments to standing orders, incomplete in that it leaves unamended some other part of standing orders which contradicts the meaning of the amendment.
- e) Ambiguous.

4.4 Emergency motions

The Committee may reject an emergency motion if:

- a) It is similar in effect to another motion that has been selected for debate or ballot.
- b) It is similar in effect to a subject chosen for a topical issue discussion.
- c) It is unclear as to its meaning or intent or is, in the opinion of the Committee, too poorly drafted to provide a sensible basis for debate.
- d) It falls outside the definition of emergency motions.

No amendment shall be taken to any motion selected under this Standing Order.

4.5 Ballots for emergency motions

All emergency motions, except those rejected under Standing Order 4.4, must be placed either on the agenda for debate or in a ballot for selection by Conference. The Committee may hold separate ballots to select which of a range of emergency policy motions and which of a range of emergency business motions to debate. If one or more ballots is held the Committee shall circulate the text of all balloted motions to the representatives attending Conference as soon as practicable and shall specify a closing time for the ballot. Following the counting of any ballots the Committee shall organise the debates on the motions in the order chosen by

Standing orders for Federal Conference

conference in the ballots.

4.6 Emergency amendments

The Committee shall have complete discretion whether to select emergency amendments for debate.

4.7 Topical issue discussions

The choice of subjects for topical issue discussions shall be made by the Officers of the Committee in consultation with the Officers of the Federal Policy Committee. In choosing the subjects, the Officers shall have regard to the significance and topicality of the subjects proposed and whether they are likely to provoke a lively discussion.

5. Special meetings

5.1 Timetabling of special meetings

The Committee shall, as soon as practicable after the requisitioning of a special meeting of the conference, fix a date for the meeting, draw up the agenda and, if appropriate, specify a date for the submission of amendments. The meeting shall deal only with the business stated in the notice of requisition save that the Committee may allow time for emergency motions and for business which is formal or, in its opinion, uncontentious.

5.2 Preferred timescales for special meetings

In setting dates for the submission of motions and amendments and giving notice thereof and of the conference itself the Committee shall endeavour to follow the timescales laid down elsewhere in these standing orders but, where this is not practicable, the Committee shall set such dates as it sees fit.

6. Appeals

6.1 Appeals against rejection of motions

The Committee shall provide written reasoning to the nominee of the proposers for the rejection of any motion

or amendment. The proposers may appeal, in writing, to the next meeting of the Committee. Any such appeal shall provide reasons why, in the opinion of the proposers, the expressed reasons for rejection are not valid. If the appeal is allowed, the motion or amendment shall be treated as an emergency motion or amendment according to the stage of the agenda-setting process at which the appeal has been allowed.

6.2 Appeals against exclusion from conference

Any person excluded from conference by a decision of the Chief Steward shall have the right of appeal to the Committee at the next of its regular meetings. The exclusion shall remain in force pending the appeal. If the person who is excluded is a voting member of conference, their local party or SAO shall be contacted immediately and invited to appoint a substitute for the remainder of the conference.

7. The chair

7.1 Who chairs conference

The President, if present, shall normally take the chair at the formal opening and closing of conference and when the Party Leader is making a formal speech from the platform. At all other sessions the chair shall be appointed by the Committee. Normally no person shall chair more than one session at any meeting.

7.2 The chair's aide

The Committee may appoint an aide or aides to assist the chair of each session.

8. Conduct of debate

8.1 Variation in the order of business

The Committee may propose to the conference a variation in the order of business as set out in the agenda. Such variation shall be put to the vote and shall take effect if approved by a majority of those voting.

Standing orders for Federal Conference

8.2 *Withdrawal of motions and amendments*

Once the Committee has included a motion or amendment, or part of a motion or amendment, in the agenda, may not be withdrawn except by leave of conference.

8.3 *The order of debate*

The Committee shall direct the order of debate. Generally, however, a motion will be moved and immediately thereafter the amendments and options will be moved in the order directed by the Committee. There will then be a general debate. The movers of amendments and options (or their nominees) shall have the right of reply in the same order (except that where an amendment or option has not been opposed during the debate, the chair of the session shall have the right to direct that its movers shall not exercise their right of reply), after which the mover of the motion (or the mover's nominee) shall have the right of reply. Votes shall then be taken on the amendments and options in the order in which they have been moved and, finally, on the substantive motion. The Committee may direct that part of any motion or amendment or groups or amendments may be the subject of a separate debate.

8.4 *Topical issue discussions*

The Committee shall direct the order of the discussion. Normally the proposer of the subject shall speak first, and a representative of the Federal Policy Committee shall speak last.

8.5 *Who may speak*

Only voting or non-voting members may speak at a full session of conference, save that other persons may speak in the following circumstances:

- a) As a member of the Federal Policy Committee representing that committee in a policy debate.
- b) As a member of the Federal Conference

Committee representing that committee in debates on standing orders and matters of conference procedure.

- c) As a member of the Federal Executive representing that committee on matters of party business.
- d) If called by the chair of the session, after the Committee has given permission. Such permission shall only be given exceptionally.

Additionally the Committee may invite any person to address the conference as a guest.

8.6 *The special rights of the Federal Committees*

Provided that the Federal Policy Committee is not proposing the motion or any of the amendments to be taken in a debate on a policy motion or on motions relating to the policy-making processes of the Party it shall have the right to nominate a person to report its views on the subject before the conference. The Federal Executive shall have similar rights on business motions or motions to amend the constitution, as shall the Federal Conference Committee on motions relating to the proceeding and procedures of the conference and to amend standing orders. Such a person shall be called to speak for the same length of time as the person replying on behalf of the mover of the motion.

8.7 *The selection of speakers*

Voting and non-voting members wishing to speak in any debate shall submit a speaker's card, prior to the commencement of the debate in which they wish to speak, stating whether they wish to speak for or against an amendment, the motion or part of the motion. The chair shall be responsible for the choice of the speakers and shall attempt to provide a balanced debate between the different viewpoints in the conference, but may announce a departure from this rule if there is an overwhelming

Standing orders for Federal Conference

preponderance of members wishing to speak on the same side. The chair shall have the discretion to accept speakers' cards after the start of the debate. Save as provided for in these standing orders, no person may speak more than once in any debate.

8.8 The length of speeches

The Committee shall set out in the agenda time limits for speeches.

9. Voting at conference

9.1 The method of voting

Voting cards shall be issued at each meeting to voting members. The Committee may direct that voting on any issue be by ballot. Subject thereto all votes at full sessions shall be taken by show of voting cards.

9.2 Counting of votes

A vote by show of voting cards shall be counted:

- a) If the Committee has so directed.
- b) If the chair so directs.
- c) As the result of a procedural motion under Standing Order 11.5 below.

A recount will only be held if the chair is not satisfied that the first count was accurate.

9.3 Separate votes

A separate vote may be taken on a part of a motion or amendment:

- a) On the direction of the Committee.
- b) At the discretion of the chair.
- c) As a result of a procedural motion under Standing Order 11.4 below.

10 Points of order

10.1 Making a point of order

Any voting member may rise on a point of order which shall be taken immediately except that, during a vote, no point of order shall be taken that does not refer to the conduct of the vote. The chair's decision on all points of order shall be final.

11 Procedural motions

11.1 Next business

- a) A voting member may, during any full conference session, submit, in writing, a request that conference move to next business, giving the reasons to do so. The submission shall not exceed 75 words.
- b) The chair may either take the request immediately upon receipt, or at the end of any speech currently being made. If more than one request is received the chair shall decide which to take. No more than one request may be taken in respect to any motion or report.
- c) When the request is to be taken, the chair shall read the statement of reasons and ask conference whether it wishes to consider the request to move to next business. If conference decides, by a simple majority of those voting, to do so, the person who made the request may speak. The chair may allow other speakers. All speeches under this standing order shall be limited to two minutes. If conference decides not to debate the proposal, it falls.
- d) The proposal shall require a two-thirds majority of those voting being to be passed. - c) When the request is to be taken, the chair shall read the statement of reasons and ask conference whether it wishes to consider the request to refer. If conference decides, by a simple majority of those voting, to do so, the person who made the request may speak and the mover of the substantive motion, or their nominee, may reply. The chair may allow other speakers. All speeches under this standing order shall be limited to two minutes. If conference decides not to debate the reference back, it falls.
- d) The reference back shall require a simple majority of those voting to be passed. A nominee of the Federal Policy Committee will speak and the mover of the substantive motion, or their nominee, may reply. The chair shall have discretion whether to allow other speakers on the request.
- c) The reference back shall require a simple majority of those voting to be passed. If it is carried the current agenda item shall be abandoned without any further debate or vote and, at the discretion of the chair, either the next agenda item shall be taken or there shall be an adjournment until the time at which the next agenda item was due to be taken.
- d) If passed, the Federal Policy Committee shall, before the next meeting of the conference, circulate its reasons for acting under this section and its comments on the motion and any amendments thereto accepted for debate.

11.4 Separate vote

A voting member of conference may request that the chair take a separate vote on a part of a motion or amendment provided that such a request is in writing and received by the commencement of the first conference session on the day before the debate is scheduled. If the debate is scheduled for the first day of conference, the request must be received in writing by the same deadline as that for emergency motions. The Committee shall have complete discretion whether to take a separate vote. In exceptional

Standing orders for Federal Conference

circumstances, the Chair of the debate shall have discretion to accept a request for a separate vote if it is received in writing after this deadline.

11.5 Counted vote

Any voting member may ask for a counted vote, which shall be taken if the request is supported by 50 members rising in their places and showing their voting cards.

11.6 Suspension of standing orders

- a) A voting conference member may, during any full conference session, move a motion for the suspension of standing orders. The chair may either take the request immediately upon receipt, or at the end of the speech currently being made.
- b) No motion to suspend standing orders may suspend any requirement of the constitution, nor any part of these standing orders which govern:

 - ii) Consultative sessions.
 - iii) Procedural motions for next business or suspension of standing orders.
- c) No motion to suspend standing orders to introduce a motion or amendment on to the agenda can be taken unless the motion or amendment has been submitted to the Committee in accordance with the published timetable and, where a right of appeal against non-selection exists, the right has been exercised.
- d) The chair shall read the statement of purpose and, if the suspension is allowable in the terms of this standing order, ask the conference whether it wishes to debate the request for

suspension. If the conference decides not to debate the request, it falls. If the conference decides, by a majority of those present and voting, to hear the request the mover may speak and a representative of the Committee may reply. The chair shall have the discretion to allow other speakers. All speeches on the motion to suspend standing orders will be limited to two minutes.

- e) A motion to suspend standing orders shall only be carried if supported by at least two-thirds of the conference members voting. If the procedural motion is carried all standing orders shall remain in force except only for the purposes set out in the motion.

12 Reports

12.1 Which reports are tabled

The business session or sessions of the conference must include consideration of reports from the bodies listed in Standing Order 1.1(b).

12.2 Submission and selection of questions

A voting member may submit questions to any report tabled for consideration, by the deadlines set under Standing Orders 1.5 (d) and (e). The Committee shall publish in advance of the report session all the questions submitted under Standing Order 1.5 (d) which are in order, compositing similar questions where appropriate.

12.3 Whether questions are in order or not

A question shall be ruled out of order if it asks the body submitting the report about issues which are outside its duties and responsibilities. If the question could be answered by another body reporting to

Standing orders for Federal Conference

the same conference, the Committee may transfer the question to that body.

12.4 How questions and supplementary questions are put and answered

After the report is moved, the mover, or their nominee, shall answer the questions in turn. After each question has been answered, the voting member who submitted the question will be given the opportunity to put a supplementary question, speaking for a maximum of two minutes, and the mover, or their nominee, will be given an opportunity to respond. The chair shall determine the time given to the mover in moving the report and replying to questions. The chair shall also determine how many of the published questions, and how many of the questions submitted under Standing Order 1.5 (e), can be taken. After the conference the Committee shall publish the answers to all questions submitted under Standing Orders 1.5 (d) and (e) which are in order, and to all supplementary questions asked.

12.5 Approval or rejection of reports from Federal Party committees or sub-committees

Any report tabled by a Federal Party committee or sub-committee must be submitted for approval by the conference and must be voted upon accordingly. A voting member may move the rejection of any part of the report or of the report as a whole. A voting member wishing to move a rejection shall submit a speaker's card prior to the commencement of the consideration of the report, stating the section(s) which they wish to have rejected. All moves to reject a report must be debated (except that the chair shall have discretion to choose between moves to reject the same part of the report), at the conclusion of the question session. The person who made the request shall speak and the mover of the report, or their nominee, shall reply. The chair may allow other speakers, and shall

determine the time given to all speakers.

A move not to receive a report must be debated (except that the chair shall have discretion to choose between more than one move not to receive the same report), at the conclusion of the question session. The person who made the request shall speak and the mover of the report, or their nominee, shall reply. The chair may allow other speakers, and shall determine the time given to all speakers.
