

DRAG-N-BRAG

Participation in Drag-n-Brag is voluntary and no previous commitment to bring “Drag-n-Brag” examples/lesson plans is required. If you have a lesson you like and want to share in a no-stress way, just bring it. Below are guidelines for participating.

1. Each participant should bring approximately 300 handouts and an example of the project and any other related material (photos, etc.).
2. From 6-7:30pm, the doors will be closed. All participants in drag'n'brag will bring examples and handouts for set-up (don't worry about not being able to look around and get others' handouts. You will get a look-see and handouts before the show begins).
3. At 7:30 we would like for you to stand by your display for handout distribution and for any questions people may have about your lesson.
4. At 9:00 p.m., clean up displays, take your lesson and samples down.
5. In case there are not enough handouts, there will be a sign-up sheet on the big board display (location to be announced).
