

Your local food co-op needs YOU!

**The McHenry County Food Cooperative needs your help to continue building momentum. Committees have now been formed which will allow more people to be involved and improve our chances of opening a store in May 2015.**

**Please join a committee and commit a couple of hours each month to keep this dream alive for you, your family and your community. A contribution of your talents can be leveraged on one or more of the four committees shown below.**

**Join the committee that is right for you!**
