**Submission to Australia New Zealand Food Authority on Proposal P222 –  
Variation to Standard A1(19) – folate/NTD Health Claims**

The National Council of Women of New Zealand (NCWNZ) is an umbrella organisation representing 46 nationally organised societies. It has 35 branches spread throughout the country to which women from some 150 societies are affiliated.

The nucleus Consumer Affairs Committee of NCWNZ thanks ANZFA for forwarding their Proposal 222 – variation to Standard A1(19) – folate / NTD Health Claims documents for consideration.

After discussion the Committee is pleased to **agree** with the proposal “to extend the sunset date for the folate health claims pilot project (the pilot) from 13 February 2001 to 13 February 2002”.

We agree “this proposed new regulation would allow food complying with Standard A1(19)(e) to be included in the health claims pilot project until 13 February 2002”.

Barbara Glenie  
National President

Marie Taylor  
Convener  
Consumer Affairs Standing Committee
