# **Let DC's next mayor know what you demand for a fair and equitable DC!**

At the People's Platform Mayoral Forum, DC residents will moderate as candidates respond to questions crafted from the demands of YOU, the residents!

## **OUR RIGHT TO HOUSING**

Long-time residents face displacement by rising rents, luxury developments, & the demolition of public housing.

We will support candidates who stand for:

- Deeper Affordability in All New Developments
- Development of Limited Equity Housing Cooperatives
- The Protection and Preservation of Public Housing

## **OUR RIGHT TO INCOME**

DC's economic success is not shared with low-wage workers & the unemployed, disproportionately people of color.

We will support candidates who stand for:

- A Minimum Wage that is Truly a Living Wage
- First Source Reform with Clawback Provisions
- Legislation to Prevent Firing for Unjust Reasons

## **OUR RIGHT TO \_\_\_\_\_**

What do you want to demand for an equitable DC?

What is YOUR vision for DC?
