Phone Number: _____ E-mail: _____

Availability: Include the time of day you would potentially be available to meet with your mentor.

Monday Tuesday Wednesday Thursday Friday Saturday Sunday

List an Adult Reference: _____

(someone who can describe your work ethic and commitment to an independent study project)

Phone Number: _____ E-mail: _____

Explain why you are interested in the Science Mentor Program (use other side of page if necessary).

Describe the skills, experiences, and education that you will bring to this program. These could be from home, work, school, etc (use other side of page if necessary)

This independent study course requires that you practice a high level of responsibility to complete all requirements. Describe how you have demonstrated the ability to be self-motivated to complete a project.

In what type of project, or area of ecology and science, are you interested? It is NOT okay to state "any project or area". If you are selected for the program, we will work with you to identify an specific project.
