Re: International air waybill 860457863894

Dear Ms. Maxwell:

I am responding to the inquiry by Ann Knutson with Civil Action Group regarding your January 6, 2011, shipment to Vatican City, Italy.

This package was sent to *Dominique Mamberti, Secretariat of State, Section for Relations with States, Apostolic Palace, Vatican City, Holy See (Vatican City), 00120*. Our records indicate that the shipment was signed for on January 10 by "F. Conti."

On January 14, FedEx was contacted and asked to retrieve this package; our staff was informed that it was refused. After our courier picked up the shipment, it was taken back to our office. At your request, FedEx called the new telephone number that you provided and reached Monsignor Peter Wells. On January 19, Monsignor Wells informed FedEx that the package was undesired and unwanted (There is no signature record of the Monsignor's refusal because it was verbally communicated).

Arrangements were made to return the shipment to the U.S. on international air waybill 456789331748. The return shipment was delivered to 517 E. Wisconsin Ave at 10:47 a.m. on Thursday, January 27.

I hope this information is helpful.

Regards
