

SAVE Critical Emergency Services at

VALLEY GENERAL

H O S P I T A L

Valley General Hospital provides critical inpatient, emergency room, and Level 4 trauma care. In an emergency, this local community hospital is the closest in East Snohomish County for first responders, area schools, and the **Monroe Correctional Complex**. The hospital is an important source of good jobs - nearly 300 union healthcare workers, including nurses and service workers, provide care to the community.

PASS THE LEVY - PRESERVE EMERGENCY CARE!

But access to critical care and good jobs in our community are on the line if voters do not approve a levy increase in April. **Without new revenue, Valley General Hospital will have to close inpatient services, emergency, and trauma care. Transport time for first responders and patients to the next nearest hospital could double or triple.**

JOIN THE FIGHT to Save Valley General!

Join fellow members of **Teamsters Local 117** on Tuesday, March 26 from 5-8 p.m. and Thursday, March 28 from 5-8 p.m.

We will be phonebanking voters to encourage them to **SAVE VALLEY GENERAL HOSPITAL** and its critical emergency and inpatient services in Monroe, WA.

To volunteer or for more information, please contact Lily Wilson-Codega at 206-794-2606.
