

# 2013 Candidate Questionnaire

## OVERVIEW

For New York City to compete in the global economy and provide the safety and quality of life New Yorkers deserve, our leaders must embrace a 21st Century vision for our streets that puts well-being of people first. StreetsPAC supports candidates for public office who will champion safe, complete and livable streets.

**Safe Streets** are safe enough for children, seniors, and people of all abilities to travel without fear of death or injury. Despite recent gains, our streets remain unsafe:

- Motor vehicle crashes are the leading cause of preventable death in New York City; crash fatalities increased 12% in 2012 compared to 2011, and hit-and-run fatalities increased by 31% from 2010 to 2012.
- Although speeding is the top factor in NYC traffic deaths, police rarely enforce speeding laws on neighborhood streets, and prosecutors rarely pursue charges against sober drivers who kill.

To foster safe streets, StreetsPAC supports speed cameras and other enforcement strategies as well as changes in roadway design, which are proven to calm traffic.

**Complete Streets** encourage mobility and health by allocating space for walking, public transportation, bicycling and wheelchair access, and by prioritizing curbside access for taxis, delivery trucks and passenger loading over the underpriced curbside parking that now makes such uses difficult or impossible. For example:

- Select Bus Service using dedicated bus lanes has been an unqualified success, reducing travel times by 20% and increasing ridership.
- Increased bicycle lanes have made cycling for everyday transportation a viable option for thousands of New Yorkers. Protected lanes have been proven to reduce crash injuries among bicyclists, walkers and drivers by approximately 40%.
- Countdown clocks, sidewalk extensions and landscaped pedestrian safety islands make walking more pleasant and efficient.

StreetsPAC supports improving the quality and variety of transportation choices to improve personal mobility and build a more sustainable transportation system of complete streets.

**Livable Streets** are comfortable and welcoming to local residents and visitors and attract patrons to shops, restaurants, hotels and other local businesses. New Yorkers want to live, work and shop on livable, economically vital streets. Research shows:

- Pedestrian plazas, bike lanes, play streets and other amenities dramatically increase retail property values, and significantly raise other commercial and residential property values.
- The reduction and elimination of motor vehicle traffic on Broadway from Columbus Circle to Union Square has created a mecca for tourists as well as internet-based and other new-economy businesses.

StreetsPAC supports repurposing street space for the use of people to promote livable streets where commerce and community life can thrive.

Process and Deadlines. StreetsPAC is a political action committee registered with the New York State and New York City Board of Elections. This questionnaire seeks to elicit your views on the important issues facing New York City's streets. Your answers will help inform StreetsPAC endorsement and donation policy in the 2013 election.

All responses should be considered public, although StreetsPAC may at its discretion choose to disclose some, all or none of your responses. Responses may be shortened for publication. StreetsPAC may also disclose which candidates do not respond to this questionnaire. If you refer in your response to a position paper or your Web site, please specify the exact text you are referencing. By responding to this questionnaire, you give your agreement to the foregoing uses of your responses.

The StreetsPAC Advisory Board may ask to interview candidates submitting questionnaire responses.

**Please submit questionnaire responses by May 24 via e-mail to: [info@StreetsPAC.org](mailto:info@StreetsPAC.org)**

## CONTACT INFORMATION

Please provide us with the following information:

Candidate Name: John Quaglione

Campaign Manager: (Coordinator)

Press Secretary: John Quaglione

Name and EIN/TID of Committee: John Quaglione for City Council/TAX ID#46-1821882

Campaign Address: 449-81<sup>st</sup> Street, Brooklyn, New York 11209

Campaign Phone: (347) 560-4555

Campaign Fax: N/A

Campaign E-mail: [JohnQ@johnquaglione.com](mailto:JohnQ@johnquaglione.com)

Campaign Website: [www.johnquaglione.com](http://www.johnquaglione.com)

Campaign Twitter Username: @JQuaglione

## **POLICY PROPOSALS**

**In a separate document, please articulate concrete and feasible policy and budgetary proposals to advance the following goals:**

### **Safe Streets**

- 1.Reducing the number of motor-vehicle crashes and conflicts among street users with appropriate infrastructure or roadway design changes, automated traffic law enforcement, or street- or neighborhood-specific changes in traffic rules

I think there needs to be a comprehensive public/traffic safety plan created for each Community Board. It should include regular meetings with Community Boards, the Council member, the Precinct Commander, and the Department of Transportation.

Additionally, we need to offer an educational campaign for pedestrians, young and old alike, so to increase awareness and the dangers of texting and driving, texting and walking, etc.

Through a combination of information and statistics, I think we should be able to put together a safety plan that will help to reduce accidents, and make streets safer.

2. Ensuring thorough investigation of, and appropriate consequences for, drivers who commit traffic offenses that result in injury or death

The New York City Police Department and the Kings County District Attorney have over the years proven to be serious in bringing an end to such horror on the roads. We must continue to support efforts to allow for thorough investigations and prosecution, through funding of the appropriate offices in the NYPD and District Attorney Offices.

### **Complete Streets**

- 3.Encouraging New Yorkers to use public transit, walk or bicycle within the city, instead of driving

We need to make a strong campaign and effort to teach in our classrooms, our senior centers and in community centers, to bring awareness to the benefits of using public transit. Additionally, at the same time, we need to remind people of the positive health effects that walking and bike riding can have on your life.

4. Repurposing street space to better meet transportation needs (please specify particular streets)

Currently, there is a proposal before Community Board 10 for example, that calls for the placement of a pedestrian island at 4<sup>th</sup> Avenue and 86<sup>th</sup> Street. This would help to slow the traffic at this intersection, which statistics show are one of the more dangerous in the community, and create a safe haven for folks crossing as well near the transit hub which includes subways and buses. Additionally, there have been sidewalk extensions that have may have eliminated a parking spot or two, but does help to calm traffic and make the corners safer.

### **Livable Streets**

5. Increasing the amount of public space for non-transportation use, such as plazas and street closure programs (e.g., Summer Streets and play streets.)

Have supported the Summer Streets program, specifically the one that has occurred on 3<sup>rd</sup> Avenue in the 43<sup>rd</sup> Council District. I think programs such as this make for an enjoyable experience for everyone involved. Additionally, I think most schools (the ones that want them) should have an opportunity to have Play Streets so that the kids can enjoy the weather in a safe environment.

6. Harmonizing commercial and residential uses through licensing and regulation of trucking, deliveries, parking, street vending, greenmarkets, and other commercial activity affecting our streets

I think a better system needs to be created, now using technology, to merge a listing of all the events so that people can be better informed, and aware of parking changes, regulations, festivals and more.

### **YES/NO QUESTIONS**

1. Do you believe speeding cars are a public safety problem in your district/borough?  
Y / N

2. Would you support enhancing penalties for aggressive, distracted and reckless driving under the New York City Administrative Code in order to deter such behavior? **Y / N**
3. Has the New York Police done enough to enforce the traffic laws?  
**Y / N – But there needs to be an increase in Police Officers in our City so more enforcement can be done**
4. Do you support expanding Bus Rapid Transit with dedicated bus lanes in your district/borough? **Y / N – But it depends on other factors that may create parking problems or traffic congestion**
5. Should New York City government be providing economic support for ferry service as an extension of the public transit network? **Y / N -**
6. Do you support continued expansion of the on-grid bike lane network in all five boroughs? **Y / N**
7. Do you approve of the way that the NYC Department of Transportation is working to manage traffic? **Y / N**
8. Do you approve of the process the NYC Department of Transportation and the Community Boards use to determine locations for bike-share facilities? **Y / N**
9. Do you support channeling buses and trucks to perimeter highways in order to reduce their presence on residential streets? **Y / N**
10. Do you support closing New York City's parks to cars? **Y / N**
11. Do you support pedestrianization of street space to encourage tourism? **Y / N**
12. Should the city make non-sensitive data concerning street use, street conditions and traffic crash investigations available in a timely, digital format to the public? **Y / N**
13. If elected, will you give your support to candidates for Council Speaker and/or Community Board who openly support safe, complete and livable streets? **Y / N**

## PRIORITIES

1. Rank the following measures that local government can take to discourage unnecessary motor vehicle trips to the most transit-rich and high-traffic areas of the city (1 = most important, 5 = least important):
  - A.   2   Remove financial incentives for “toll shopping” by equalizing or balancing tolls at different bridge and tunnel crossings
  - B.   2   Use a system of dynamic pricing for access to the most congested areas
  - C.   5   Give buses and vehicles-for-hire priority over private cars on city streets
  - D.   5   Give delivery vehicles priority on city streets over private cars
  - E.   2   Restrict commercial deliveries to late night and early morning hours, and ban the largest trucks from residential neighborhoods absent compliance with special permit and insurance requirements

Please state what other such measures you think are appropriate reduce unnecessary motor vehicle trips to the most transit-rich and high-traffic areas of the city:

2. Rank the following measures that local government can take to obtain community input concerning changes in the regulation or configuration of a street:
  - A.   1   Holding a "Town Hall" or open forum for affected community members
  - B.   1   Conducting a face-to-face canvass of residents and businesses on the affected street
  - C.   1   Conducting an online poll of neighborhood residents regarding the change
  - D.   1   Involving the community board and considering any resolutions it may pass on the subject

- E.   1   Responding to complaints that arise after changes have been implemented

Please state what other such measures you think are appropriate in obtaining community input concerning such changes:

- 3. Rank the traffic violations upon which NYPD resources should be focused (1 = most important, 5 = least important):

- A.   1   Operating motor vehicles in excess of the speed limit
- B.   2   Double parking, standing, and blocking of loading zones or bicycle lanes
- C.   1   Traffic violations by cyclists
- D.   4   Traffic violations by vehicles weighing more than 5 tons
- E.   1   Failure to yield to pedestrians

Please state which other traffic-related enforcement activities you believe deserves greater resources from the NYPD:

**Thank you for completing the StreetsPAC 2013 Candidate Questionnaire.**

**We look forward to working with you to make our city a better place to live!**
