

IMPROVE THE ECONOMY

RAISE THE
**MINIMUM
WAGE.**

NOVEMBER 5
**VOTE YES
ON QUESTION 2**

★ ★ ★ THE FACTS ★ ★ ★

- On Nov. 5th, we can vote to raise the wage from \$7.25 to \$8.25 and tie future increases to the cost of living in New Jersey.
- People work hard and play by the rules should earn a living wage and \$7.25 is not a living wage.
- If passed, the Minimum Wage Ballot Question will also provide an annual cost of living increase.
- Despite arguments to the contrary, the Minimum Wage increase has proven to benefit the local economy. Those earning the minimum wage will have more revenue to spend on their necessities such as food, clothing, and housing and will put their additional earnings directly back into the economy.
- President Obama supports increasing the minimum wage to \$9/hour.
- Currently, New Jersey's minimum wage is among the lowest minimum wage in the United States, matching the federal mandatory minimum.
