### **Illinois' Top Pro-Life Group Endorses Jason Plummer**

Troy, IL – Having already earned vocal support from multiple pro-life and pro-family organizations and leaders, Jason Plummer's state senate campaign has now also been endorsed by the Illinois Federation for Right to Life. The Illinois Federation for Right to Life is the leading advocate of the pro-life movement in Illinois and is strongly committed to the defense of the unborn.

"This endorsement means a great deal to me personally and I'm honored that the Illinois Federation for Right to Life has given me their support. My pro-life stance has always been an important part of my worldview. The issue goes beyond politics and to the heart of my faith, my conscience, and my understanding of what it means to be a human being. I will always vote to protect innocent life in Springfield."

The Federation for Right to Life supports only candidates who are committed to protecting the life. "We are excited to have a candidate seeking election for the 54<sup>th</sup> Senate District from Illinois, who will help protect the lives of those threatened by abortion, infanticide, and euthanasia" the group said their letter of endorsement. "Our society embraces a culture of death. We must work in the legislative arena to protect vulnerable human beings."
