

From ERWIN SNEIDZINS ("Z")

I have a \$450 Million plan, budget and funding for a \$450 Million downtown 15 Km park and bike trail green canopy over the Gardiner, Richmond, Adelaide Streets and from Queen Street over York, Simcoe and Yonge Streets that ties into the Gardiner green canopy and from the Gardiner down to the Queen Quay.

People will have special access to the downtown canopy from the elevators in office towers and Condos. Imagine 15 Km of parks, bike trails, ski trails, skating etc. fully paid for right in the heart of downtown Toronto.

It is disheartening to see that TEA is not really serious in have a real Environmental debate of dedicated Bike Trails, planting more trees on the green canopy, parks, 2 KM of urban farming to feed the poor, solar energy,

I hope you will reconsider and have Erwin Z Sniedzins debate so we can make a difference and make it happen over the next 4 years.

Stay flourishing my friends,

Erwin Z
