Please use this log to record odours that you think may be connected to Fleetwood Fine Furniture.

On the calendar, record the time and the smell for example, I smell (please describe)... rotten egg smell, light chemical odour, strong chemical odour, a paint/varnish odour, sweet smell, etc... state what time you smell it at and if possible, include the wind direction.

Keeping a log of what you experience is useful for many purposes:

- Connecting particular smells to particular processes happening in your local industrial plant.***
- Documenting the scope and details of air pollution problems in your community.***
- Creating a body of evidence that the polluter cannot deny and to justify increased monitoring.***

When you have completed your log please mail to:

Or call us at 416-596-0660 and we will arrange to pick it up.

Your neighbours thank you!

Please note: If you smell or see releases or spills from any industry, please report it to Spills Action Centre 1-800-268-6060 or the Pollution Hotline 1-866-MOE-TIPS (1-866-663-8477). Your call can make us safer!
