Note: The list of incomplete projects illustrated on this map are not fully inclusive of all unfinished projects from the 2008 Parks and Recreation Bond Package. Projects were omitted for various reasons in order to show the most accurate representation possible. Reasons projects were omitted include 1) the project was funded in the 2019-2023 CIP package 2) CMS was a project partner and may have made changes to school use or funding 3) the project had a status that was unclear.
