# Foreword

---

The Financial Development Ministry of the Office of General Ministries is pleased to offer this resource for use in local congregations. We hope you find it useful in your efforts to interpret and promote the benefits of planned giving for both individuals and churches. We welcome your questions and comments.

It is our task to develop the long-term financial health of the United Church of Christ in all its settings, and to call both individuals and churches to a generosity of gifting accumulated assets that will assure the mission and ministry of the United Church of Christ far into the future.

We treasure your partnership in this ministry.
