27 **4. SAVING SOCIAL SECURITY FROM PRIVATIZATION**

28 Mr. Lynn Slagle (SC), Chairperson of Committee Fifteen, directed the delegates to the resolution "Saving Social
29 Security from Privatization" and moved it's adoption.
30

31 05-GS-33 VOTED: The Twenty-fifth General Synod adopts the resolution "Saving Social Security from
32 Privatization."
33

34 **SAVING SOCIAL SECURITY FROM PRIVATIZATION**

35
36 WHEREAS the best step toward a strong and enduring U.S. democracy is to preserve Social Security, a social
37 insurance system that covers nearly all citizens and provides guaranteed benefits that disproportionately help those
38 with the greatest need; and
39

40 WHEREAS just 47% of the workforce has private pension coverage for retirement but 96% of workers are covered
41 by Social Security; and
42

43 WHEREAS Social Security is our largest anti-poverty program providing the only income received by over one-
44 fifth (22%) of the elderly and over half the income received by fully two-thirds of the elderly; and
45

46 WHEREAS in addition to serving retirees, Social Security provides income to disabled workers and the families of
47 deceased workers who comprise one-third of all beneficiaries; and
48

49 WHEREAS three in ten of today's twenty-year-olds will be disabled before they reach age sixty-seven (their legal
50 retirement age), but 72% of the private sector workforce has no long-term disability insurance except for Social
51 Security; and
52

53 WHEREAS one in seven workers will die before reaching age sixty-seven and an estimated 97% of the children and
54 spouses of these workers are insured for survivor benefits through Social Security; and
55

1 WHEREAS the “crisis” in Social Security is largely a fiction designed to alarm young workers who increasingly,
2 and wrongly, believe that there will be no Social Security funds left when they retire; and
3

4 WHEREAS Social Security can pay full benefits until 2042 and over two-thirds of benefits after that *with absolutely*
5 *no changes* in the program; and
6

7 WHEREAS diverting tax money currently used to pay Social Security benefits into private accounts would severely
8 *worsen* Social Security’s financial health; and
9

10 WHEREAS privatization replaces Social Security’s current guarantee of retirement income with a risky system
11 dependant on luck, investment wisdom, and the timing of the stock market; and

12 WHEREAS Social Security’s administrative expenses, currently less than 1% of benefit payments, would be greatly
13 increased in a privatized system; and
14

15 WHEREAS many people – especially women and people of color – with relatively low earnings, more
16 unemployment and disability, and more years out of the labor force are especially well served by Social Security’s
17 progressive benefit structure, but would be hurt by a switch to private accounts.
18

19 THEREFORE BE IT RESOLVED that the Twenty-fifth General Synod of the United Church of Christ rejects any
20 attempts to privatize Social Security or to add private accounts to the current Social Security program, and supports
21 efforts to strengthen Social Security in ways consistent with its mission as a social insurance program; and
22

23 BE IT FURTHER RESOLVED that the Twenty-fifth General synod encourages local churches, conferences and
24 associations of the United Church of Christ to engage in educational forums and circulate materials so that members
25 (especially youth and young adults) and pastors can become informed about Social Security privatization; and
26

27 BE IT FURTHER RESOLVED that the Twenty-fifth General Synod of the United Church of Christ requests that
28 Justice and Witness Ministries study the proposals to change Social Security and conduct legislative advocacy to
29 educate members of Congress about the position of the Twenty-fifth General Synod on Social Security privatization,
30 and prepare and provide resources to be used by the wider church and community.
31

32 Funding for the implementation of this resolution will be made in accordance with the overall mandates of the
33 affected agencies and the funds available.
34

35 **5. SUPREME COURT JUSTICE NOMINATION**

37 Nomination” and moved its adoption.
38

39 05-GS-34 VOTED: The Twenty-fifth General Synod adopts the resolution “Supreme Court Justice Nomination”
40

41 **SUPREME COURT JUSTICE NOMINATION**

42
43 WHEREAS, we are a country divided against itself through its politics; and
44

45 WHEREAS, this nation faces profound issues to secure its future without need for further divisions and
46 contentiousness; and
47

48 WHEREAS, Justice O’Connor has been a moderating influence on the court, who was described by the President as
49 “a discerning and conscientious judge;” and
50

51 WHEREAS, the rule of God hinges on reconciliation and as Christians we are called to a ministry of reconciliation;
52

53 THEREFORE BE IT RESOLVED that the Twenty-fifth General Synod of the United Church of Christ meeting in
54 Atlanta, Georgia, in accordance with its understanding of the reconciling mission of Jesus Christ, encourages
55 President George W. Bush to use a process of openness and bi-partisan consultation in nominating Supreme Court
56 justices; and
