Welcome to the new e-newsletter, *Called Out* from the United Church of Christ’s Office for Lesbian, Gay, Bisexual, and Transgender (LGBT) Concerns! We are excited about this new way of communicating with you and invite you to become a regular subscriber. Through this e-newsletter we will be able to share with you the progress on Open and Affirming, LGBT advocacy opportunities, what our office and others are doing for and with the LGBT community. The *Called Out* e-newsletters will be highlighting such things as:

- Important days of remembrance and other events related to LGBT Concerns
- Updates on the development of LGBT-related educational resources
- Upcoming conferences and other LGBT-related events
- Advocacy work related to LGBT concerns that our office is involved in and ways that you might also become involved

By subscribing you will automatically receive the e-newsletter via e-mail. It will also be available from our web site at [www.ucc.org/lgbt](http://www.ucc.org/lgbt). We are just getting started with this, so in the beginning it will be an occasional newsletter that we hope will expand to a regular schedule in the near future.

We are so grateful for everyone who has expressed an interest in LGBT concerns. We hope that you will continue to journey with us in our open and affirming mission by subscribing to *Called Out* today.
