

Community Open House & Drop-In

Bloor Street Sidewalk Resurfacing and Streetscaping Project

Monday, April 18 from 4:00–8:00pm

Markham House – 610 Markham Street

You are invited to join members of the Bloor Annex BIA, Councillor Cressy, and City staff at an Open House to review the plans in more detail and to learn additional information about the streetscape improvements that will be taking place in 2018.

The project will include the following:

- Replacement of existing curb and damaged sidewalks
- Installation of 4 side street parkettes. These new landscape treatments include seating, trees, plantings, bike rings, and public art on Howland Avenue, Brunswick Avenue, Major Street and Robert Street. The parkettes will be constructed by City-approved contractors and maintained by the Bloor Annex BIA.
- Replacement of 35 raised tree planters with new in-ground trees protected by metal tree guards
- Installation of additional bike parking and accessibility improvements
