Find us by the railway tracks on the
east side of the mall

THIS EVENT IS FREE

RSVP as space is limited
Email: lina@watershed-watch.org
Phone: 604-537-2341

Join Scott Magri, local resident and supporter of Katzie Slough, on a tour of one of Pitt Meadows historic waterways

In its prime Katzie Slough was a huge Coho contributor to the south Alouette River. Now it is primarily a drainage ditch. Learn about the importance of the slough, some of the cool animals that call it home and what Scott, with the help of the community, is doing to create a healthy natural space for residents and visitors to beautiful Pitt Meadows.

Supported by: Watershed Watch Salmon Society & GETI
