Supporting Screen Culture Statewide

Hi there ,

It's been super busy at Widey during March. We've selected the films for [TASshorts on Screen](#), wrapped the [Raw Materials](#) course, launched the [Step-Up Film Initiative](#) and published WAT's [Annual Report](#).

April's also shaping up to be great - applications for [Raw Nerve 2015](#) are due April 17, we're looking for a new [Board member](#), and [TASshort on Screen](#) kicks off at the [State Cinema](#) on April 18,19 and 20th before heading around the state in May.

We're closing the office over Easter - finishing up at 4pm today and reopening 10am Wed April 8. After Easter we'll be shortening the office hours: Mon-Thurs 10-4pm, Friday 9-5pm.

The ACS is offering some terrific workshops, screenings and presentations during the ACS National Awards for Cinematography in Hobart on May 1 & 2. Register your interest via their [website](#).

We'd like to say a big thanks and farewell to Janiebelle who finishes work at Widey today. We wish her well in her new role and look forward to welcoming Dominique back to the office in May.

Happy making and watching! x the WAT mob

Now in its eighth year in Tasmania, Wide Angle Tasmania is calling for applications to [Raw Nerve 2015](#), a national production initiative of Screen Australia to support early career directors.

Raw Nerve 2015 will select three teams to produce short films that explore the theme of *One Night*. The films will be between 5 and 7 minutes and can be documentary, comedy, animation or drama. WAT helps filmmakers take their idea from script, through each stage of production, to a finished film ready for national and international festival release. Each film will receive a cinema screening and be assessed for television broadcast with ABC2 and iview. An industry panel will select three early career practitioners to receive a package valued at over \$20 000.

Are you our next Board member?

Wide Angle Tasmania has an awesome Board who oversees our strategic direction and makes sure everything's ship-shape and well governed. We have a vacancy for a new member to join the Board who can represent the entry level and emerging sector that WAT serves.

Could it be you? Are you making screen content with other Tasmanian early career screen practitioners? Are you interested in having your voice feed into WAT's plans? Are you a WAT member who's across what Widey does? Do you have some skills to offer and think you'll get something out of being involved on the Board?

Check out our current Board members and download a copy of the Annual Report from our [website](#). If you'd like to know more, drop us an [email](#) and we'll send you an info pack about the Board, the roles of members and a nomination form.
