Hi ,

Congratulations to Carmen Falk who won the Tasmanian final of the [Screen Network Pitch Competition](#) last weekend. WAT will fly Carmen to [SPAA](#) in November to pitch '[Saurus Street](#)' at SPAA and is in the running to win \$3,000 cash to progress her project. There was a strong field of pitchers this year including Dominique Hurley, Carolyn Frichot, Ryk Goddard, Meg Bignell, Vivien Mason and Rick Champion. The audience winner was split between Chris Coupland and Shaun Wilson. The feedback provided by our judging panel was greatly appreciated - our thanks to Steve Thomas, Karena Slaninka and Rebecca Thompson for their support of our pitchers and the competition.

Our three [Raw Nerve](#) films are in post-production and promise to be a bumper crop yet again. If you are at BOFA this year be sure to catch the short films screening - 5 of the 15 selected in competition were produced under Raw Nerve in previous years ([Showing the Ropes](#), [Exit, Pursued by A Bear](#), [Piercing Silence](#), [The Lala Road](#) and [Water, A Poem](#)). A number of others in competition were recipients of [WAT production grants](#) - be sure to check out the generous support we can provide through this scheme for WAT members who are looking for subsidised gear hire to help realise their projects.

Enjoy the warmer weather and we look forward to seeing you at one of the upcoming screenings.

Abi, Dom and Jo

New Gear at WAT

Feel free to come in and check out some of the new additions we have made to our resources. Here are just a few...

Screen Australia have sent us a stack of their publication: [Pathways and Protocols: A filmmaker's guide to working with Indigenous people, culture and concepts](#). Grab your free copy from the office.

We've made some purchases for the safety and comfort of your cast and crew - a set of 15 reflective vests and torches to our [safety on set kit](#), some big thermoses for [catering and unit](#) and some fluffy robes for our [wardrobe kit](#).

We've also added a [new mic stand](#), updated our [Beachteck adaptor](#), and if you need to burn a blu ray we have an external writer at the office you can use.

If you have any suggestions or recommendations of books or other resources that you think would be worth us investing in, just let us know and we'll see what we can do.
