The following post is a project update from Nick Gauna, Campaign Organizer, and the [Youth Speak Collective Grassroots campaign](#) that raised \$590 to help youth produce a 30-second video that will promote local businesses and nonprofits.

Los Angeles – The funds allowed us to highlight a local struggling business in the community. We survey and received suggestions from many of the youth and families we work with and decided to work with Champions Only Barber Shop in San Fernando. It has a history in the community, and many of our participants go there for their haircuts.

The commercial has brought in more customers to his business because we have been able to highlight it on our social networks as well.

We are excited about this opportunity to partner and hope to continue to help local businesses thrive!
