

LOVE TWENTY

If you want traffic to slow right down
Around your village or through your town
Then join us now with our campaign
Cos driving at 20 is not a pain
Past houses schools and village pubs
Past shops and parks and social clubs
20's plenty in these busy places
Just see the joy on all the faces
Of kids on bikes and older shoppers
Of walkers and the morning joggers
Now help your council see the light
To co-operate instead of fight
To create a calm and peaceful place
With slower roads where we feel safe
Twenty is Plenty – I hope you see
It makes such perfect sense to me
